

Fork Mounted Sweepers

Fork Mounted Sweeper - The forklift mounted broom accessory can actually make industrial sweeping tasks much easier. Meant for use on either dry or wet surfaces, this mounted broom attachment could push snow and squeegee water with great ease. This particular accessory is usually utilized in order to clean garbage from construction sites, docks, parking lots, warehouses and virtually wherever it is considered necessary. The forklift sweeper is a low maintenance attachment which uses quick-tite blade products to effortlessly connect to the forklift.
