

TCM Forklift Part

TCM Forklift Parts - In the global industry of material handling, forklifts play a major role for transporting industrial goods. First innovated as industrial vehicles in the 1930s in the United States of America, forklifts gained popularity following World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these equipment spread worldwide.

Initially started as Toyo Carrier Manufacturing Company Limited, in 1949, the company was later renamed Toyo Umpanki Co. before becoming known as the TCM Corporation. Established by Mr. N. Niwa manufactured Japan's very first forklift. Through the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation in the business. TCM began constructing lift truck manufacturing locations outside of Japan during the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly manufactures numerous models of industrial lift trucks with more than 50 years of accumulated expertise and technology, making their products used and recognized all over the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aims to become a world-class leading company.
