

Lull Telehandler Part

Lull Telehandler Parts - Lull telehandlers have been supplying precision load placement ever since 1959. Whether the task requires positioning heavy steel, landing loads on scaffolding or transferring loads, using a Lull telehandler will really help make the work go faster and easier. These units are complete together with the patented Stabil-Trak stability system to ensure operator confidence.

The horizontal placement system by Lull can supply 80 inches of boom travel for precision placement capabilities. There are likewise several optional Lull attachments for their telehandlers to help do whichever work.
